FUTURE TECHNOLOGIES L.L.C.

PRESS RELEASE – 022

Future Technologies receives contract for Process Water Plant for Coffee Roastery in the United Arab Emirates

Dubai, 27th December 2017: Future Technologies L.L.C. today announced that it has been awarded a contract for Design, Procurement, Assembly & Commissioning of a Coffee Water Conditioner with innovative Brine Conversation System – UF + Nano Membrane Technology; With a total Capacity of 900 l/h. The plant can produce various qualities of water depending on the type of coffee and the coffee beans.

A 1 year maintenance contract was part of the order

The coffee roatery in Dubai is sourcing, roasting and supplying premium coffee to the local B2B and B2C market. Sustainability and consistency are at the heart of everything the roastery does.
