FUTURE TECHNOLOGIES L.L.C.

PRESS RELEASE – 025

Future Technologies receives contract for Process Water Plant for Installation of Water Monitoring System in UAE

Dubai, 30th January 2020: Future Technologies L.L.C. today announced that it has been awarded a contract for Design, Procurement, Assembly, Testing and Commissioning of On-line Water Quality Monitoring System for Hospitals

This System consist some sensors which measure the water quality parameter such as pH, turbidity, conductivity, dissolved oxygen, temperature. The measured values from the sensors are processed by microcontroller and these processed values are transmitted.

7 indicators of water quality

Temperature, Dissolved Oxygen, pH, Turbidity, Macro invertebrates, E. coli, Nutrients, Habitat Assessment and Metals

Client : SEHA Hospitals, The largest healthcare network in the UAE (more then 14 hospitals and over 7500 healthcare professionals)
